**Relocation America International awarded mobility services contract with leading warehousing and logistics provider**

The nation's leading warehousing and logistics provider has selected Relocation America International to provide mobility services to its transferring employees. With its ever expanding reach, this growing, California based company currently maintains 112 facilities across the country providing sophisticated, customized, and dependable cold chain solutions to many of the largest food services customers in the US.

Relocation America International is pleased to partner with this well respected company and looks forward to providing their transferring employees with world class service and mobility solutions.
